

A word from our Editor-in-Chief

**International Conference for Nonconventional Technologies
ICNcT 2023**

The event, now in its 22nd Edition, 16-18.11.2023, aims to showcase the most recent developments in the area of nonconventional technologies and their applications, in order to stimulate the exchange of valuable opinions and contributions by academia and industry.

The proposed theme for the current year is: „Nonconventional Technologies: A continuously evolving paradigm”.

The International Conference of Nonconventional Technologies 2023 will be organized by the Technical University of Cluj-Napoca, Lucian Blaga University of Sibiu, The Romania Academy of Scientist, Romanian Association for Nonconventional Technologies, Romanian Association for Alternative Technologies Sibiu, in the beautiful city of Bistrița, at the headquarters of the University extension of the Technical University of Cluj-Napoca.

Accepted papers will be published in special issues of the journals:

- Acta Technica Napocensis - Series: Applied Mathematics, Mechanics, and Engineering (<https://atna-mam.utcluj.ro/index.php/Acta>) - indexed in WOS
- Review of Nonconventional Technologies (<http://revtn.ro/index.php/revtn>) - indexed in ProQuest, Ebsco & DOAJ, under evaluation to be indexed in WOS and SCOPUS.

Papers will be peer-reviewed, and the proceedings will be published in electronic format. An author must be registered for presentation.

A person can have a maximum of two scientific papers as first or sole author.
