*Corresponding Author

Corresponding author:

I/We declare on my/our own responsibility that the paper is original, has not been published, and is not subject to publication in another journal. Also, significant parts of the work have not been published (at least 70%). If the paper is the result of a previous presentation at an academic conference and parts of it have been included in proceedings, this information is included in the acknowledgment.

I/We respect entirely the policy of the **Nonconventional Technologies Review** regarding the redundant, duplicate, or fraudulent publication¹. Also, I/We assure on my/our own responsibility not to:

- Willfully and knowingly submit false data
- Submit data from a source not the authors' own
- Submit previously published material (with the exception of abstracts) without correct and proper citation
- Omit reference to the works of other investigators that established a priority
- Falsely certify that the submitted work is original

¹ Duplicate publication is a paper that overlaps substantially with one already published in print or electronic media. At the time of manuscript submission, authors must inform the editor about all submissions and previous publications that might be regarded as redundant or duplicate publication of the same or very similar work. Any such publication must be referred to and referenced in the new paper. Copies of such material should be included with the submitted paper as a supplemental file.

- Use material previously published elsewhere without prior written approval of the I/We understand that the **Nonconventional Technologies Review** will act on my behalf to publish the paper in the in one of the journal's issues according to the editor's decisions. I/We warrant and accept full responsibility that the above-mentioned paper:
- has not been published in its current (or a substantially similar) form, nor is it under consideration for another publication;
- does not infringe any existing copyright;
- does not, either in part or in its entirety, plagiarize any other published work.

I/We am/are aware that the **Nonconventional Technologies Review** cannot be held responsible should any of the commitments above not be fulfilled and for the content of the paper.

I/We hereby grant and assign to the Academy of Romanian Scientists, Romania, and to its representatives, the first publication rights regarding the work.

Authors retain the following rights:

- copyright, and other proprietary rights relating to the article, such as patent rights,
- the right to use the substance of the article in future own works, including lectures and books,
- the right to reproduce the article,
- the right to self-archive the article.

The undersigned author and all co-authors retain the right to revise, adapt, prepare derivative works, present orally, or distribute the work in any way, provided that all such contains the proper citation of the present contribution.

The present document is signed by the corresponding author on behalf of all the co-authors. When there is a unique author, he is implicitly the corresponding author.
